Bottom Core Depth

Core Length

Units Penetrated

Reports

Definition

ID assigned by company that drilled the hole (or Wilson ID if original ID is not known)

Length of core recovered or provided, relative to the length of the cored interval

Depth in metres below the KB of the top of the cored interval

Depth in metres below the KB of the bottom of the cored interval

Length in metres of the cored interval

Geological formations or members for which core is available

Reports referring to the core.

MIN = Mineral Assessment Report

Reports available from Alberta Geological Survey.
